The NOISE scheme

- The NOISE scheme was set up about 10 years ago and it was created to form a relationship with younger audiences, offering discounted tickets for certain concerts in the season with the aim of forming a relationship that will continue once members graduate from the NOISE scheme
- To be a member of our NOISE scheme, you need to be a full-time student at a UK university or aged 18-26.
- We try to have at least one NOISE offer every month for our concerts at the Royal Festival Hall and often we will extend this to two or three concerts. At least twice a year, we also invite NOISE members to our free post-concert NOISE bar.
- The NOISE scheme also runs in Brighton and Eastbourne (where we have smaller seasons of concerts) – so if you have friends studying there we can pass those offers on to you!
- Tickets for our NOISE concerts are available through the LPO box office using a promo code, and directly through the Student Pulse app.

Student Pulse App

- Student Pulse is a collaborative initiative between 11 London orchestras and venues to bring together all of our student schemes onto one platform. The app is free, and you can book tickets via your phone or online, and rack up loyalty points which convert into prizes.
- Currently NOISE sits within Student Pulse, and we will be promoting our NOISE events through Student Pulse, as well as via our e-bulletins and rep activities.

What we'd like reps to do:

- Distribute posters and flyers about NOISE concerts and bars
- Forward any NOISE e-mails to uni society committees that might be interested
- Let us know if a concert with similar composers/ events where people would be interested could have flyers displayed
- Help us liaise with your student press: newspapers and radio stations
- Let us know if you've got any thoughts about ways of developing the scheme.
- Occasionally help out at NOISE events

What reps get:

- 1 free ticket for every concert with a NOISE student offer
- 2 free tickets if you bring a party of 8 people (or more) to a concert with a NOISE student offer (i.e. if you have 8 people only 6 people will have to pay for tickets)
